

Devesh Gupta

Front-End Developer

Front-End Developer with proven experience at Microsoft and Apple in helping companies create and maintain a better code base for reusability. Passionate about learning and development and want to apply skills to a larger development team at Figma. Eager to tackle more complex problems and continue to find ways to maximize user efficiency.

WORK EXPERIENCE

Software Engineer

Microsoft

2014 - 2016

Achievements/Tasks

- Developed membership, event, and legal platform technology solutions, and automated internal processes.
- Designed and implemented web applications along with 3rd-party software integrations as a web team liaison for all inter-departmental and customer-facing projects.
- Developed a node.js server to validate membership and track digital badges being used, saving the company \$22.5K.

Ui Designer

Figma

2016 - 2018

Achievements/Tasks

- Created new documentation for Material UI that prevented the need for a 3-week onboarding course.
- Developed membership, event, and legal platform technology solutions, and automated internal processes.

Frontend Developer

Apple Inc

2018 - 2020

Achievements/Tasks

- Developed membership, event, and legal platform technology solutions, and automated internal processes
- Developed a node.js server to validate membership and track digital badges being used, saving the company \$22.5K.
- Developed real estate valuation, analytics, and platform technology solutions as part of a 5-person team.
